Dear Judge Edward A. Smith

We the Wissers Larry & Kathleen request a motion for a 30 Day Continuance after April 15th 2022 court hearing. There are alot of things missing from those papers that USDS gave. There are no receipts or checks to back up the ledgers. Now we no why Bruce Brown always demanded the bills even if we payed for them with \$202,000.00 we got from Union National for the building project with our checks. He always said dont worry about the dates on the papers I'll put them on. So he could change them to make his papers look right. On February 21st 2022 I had Covid-19 spent several days in the Lehigh Valley Hospital. I am doctor care ever since. Antibiotic and steroid medicine were given I keep getting Bronchial Breanno now I have COPD in my lungs also. I have good days & bad days there are alot of missing things to check include the money from the cows he took in a previous bankruptcy, Land Beaverlton money, Our money from a Commonwealth grant, ^{cover} ~~cover~~ crop, alot of payments made with milk assignments. We were told by a previous attorneys the paperwork is terrible

You can't follow anything. There is no way you can come up the correct amounts you owe. It was done so we look like terrible people. We had several attorneys to ask for FOIA's but got very little. In the one bankruptcy Congressman Pat Tomney told the Miller Law Group to stop going after FOIA's from USDA. Why was he involved in it. There are lot of things to check out. They want this farm gone to cover everything up. Bruce Brown has done this to many others farmers the same way. We "pray" you give ^{us} ~~up~~ more time to go over USDA's accountings. Instead of stating ^{farm} as though lying and stealing of funds. And what happen with me from New Tripoli Bank If John Henese manage would have taking the ~~loan~~ money out of the checking account and Cathleen R. W. ~~is~~ Respectfully Larry Weiss

Put it to the Loan, his never would have happen. John don't even have a loan ~~it~~ or amount January, Feb, March and when back April to straight this out no ~~it~~ no amount
